

1. Skimmer main body (Alluminium)
2. Drive pulley (Alluminium)
3. Bottom weight pulley (Steel)
4. Skimmer belt (Varies)
5. Gimbal arm (Anodised Alluminium)
6. Adjustment, tightening handle (ABS)
7. Bottom clamp (Steel)
8. Power wire with 4m
9. Skimming element (Stainless Steel)
10. Hose attachment
11. Power switch
12. Leveling Indicator

Technical information:

Power Supply voltage: 240V-110V AC
 Frequency: 50Hz
 Voltage: 12 volts DC
 Amperage, current: 4 A
 Resistance: 6 ohms Ω
 Wattage: 50watts
 No-load speed: 12RPM
 Rated torque: 30kg/cm
 Stall torque: 50kg/cm
 Weight: 10.kg

Diagram of the oil skimmer are shown for illustration purposes and may slightly vary from the actual state.
